TIME: 8:00 AM onwards.

ABOUT RIZVI COLLEGE OF ARTS, SCIENCE AND COMMERCE:

The Rizvi Education Society was established by Dr. AKHTAR HASAN RIZVI in the year 1982 with a vision to make education available to all the sections of society. The first successful endeavor, towards, realizing this goal is the establishment of Rizvi College of Arts , Science & Commerce in the academic year 1985-86 and a line of successful ventures followed, thereafter, to include twenty two institutes in all, not only in Mumbai but in Jaunpur, Allahabad (Kaushambi, Karari), as well.

Since, its establishment, Rizvi College has been instrumental in catering to a variety of educational interests and aspirations of the society. It has always been the prime focus of our college to provide students, the best possible environment for holistic learning. Keeping in mind contemporary global and national context, Rizvi college of Arts, Science and Commerce, strives, continuously, to make success, a way of life not only in academics but also in various fields.

ABOUT THE WORKSHOP:

Bioinformatics is the application of computer technology to the understanding and effective use of biological and clinical data. It is the discipline that stores, analyses and interprets the 'big data' generated by life science experiments, or clinical data, through the development of algorithms and software.

REGISTRATION FEES: Rs. 50/- per person.

LAST DATE OF REGISTRATION: 23rd August, 2019.
