

2.3.1 EXPERIENTIAL LEARNING (2023-24)

Dept. of Accountancy

2023-24

1. Educational Tour to the Institute of Chartered Accountants of India (WIRC): An Insightful Journey

The Department of Accountancy at Rizvi College embarked on an enriching educational tour to the Institute of Chartered Accountants of India (Western India Regional Council) - ICAI, BKC, Mumbai, on Friday, 8th September 2023. This tour was designed to offer students a unique blend of career counseling and a visit to the Accounting Museum, providing them with a deeper understanding of the accounting profession's heritage and future opportunities.

Purpose and Activities

The purpose of the visit was twofold: to expose students to career opportunities within the accounting field and to immerse them in the history and evolution of accounting practices, as showcased in the Accounting Museum. The ICAI's initiative to develop a short-term online 30-hour course aimed at enhancing B.Com students' skills and employability was a highlight of the tour. Furthermore, the proposal to establish an Accounting Museum within the college premises, along with a library partnership between ICAI and Rizvi College, promised to create a rich reservoir of knowledge and resources for students.

Outcomes

Participants of the tour, comprising both male and female students, benefited significantly from the experience. They gained valuable career insights, learned about the historical progression of accounting, and understood the importance of continuous learning and development in their future careers. The proposed initiatives by ICAI, such as the short-term course and the establishment of an Accounting Museum and library partnership, are anticipated to greatly enhance the educational and cultural environment of the college, fostering a deeper appreciation for the accounting profession.

Conclusion

The educational tour to the Institute of Chartered Accountants of India (WIRC) represents a significant step forward in bridging the gap between academic learning and professional accounting practice. It not only provided students with an opportunity to explore career pathways but also inspired them with a sense of history and the evolution of their chosen field. As we move forward, the collaboration between ICAI and [College Name] is set to offer promising opportunities for student development, skill enhancement, and cultural enrichment, contributing substantially to their academic and professional growth.

Outcome of the Event:

In the first ever Book Reading session organized in the college, under the aegis of The Way of the Words (Literary Society), the nuances of critically engaging with a text on an individual and communal level were taught to the students. The students read Edgar Allan Poe's short story 'The Fall of the House of Usher' in this session and engaged in an in-depth analysis of the text, the literary time period in which the text is situated, the Gothic genre and the author's writing style. This discussion meeting had a profound impact on all the students.
