

Report of the event
Academic Year 2020 - 21

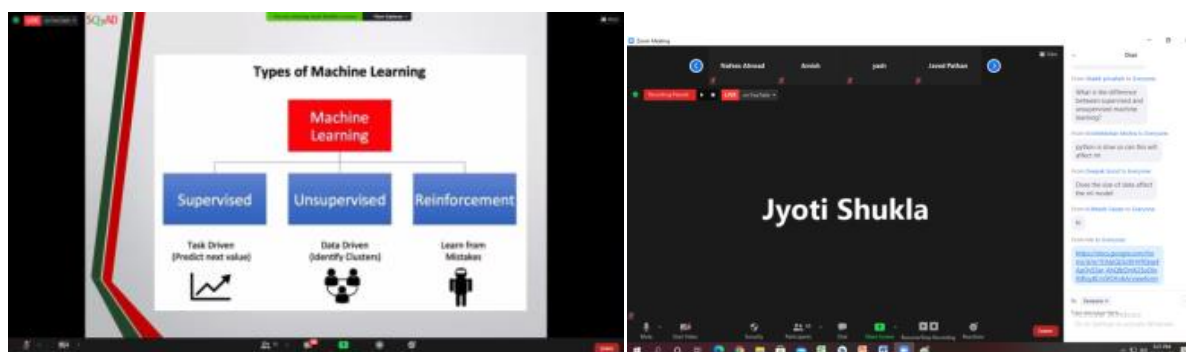

Department: CS and IT

1. Webinar on Machine Learning

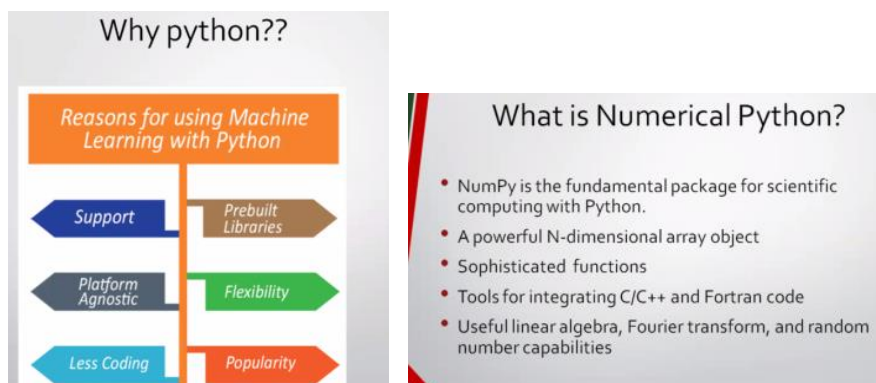

Date: 16th March, 2021

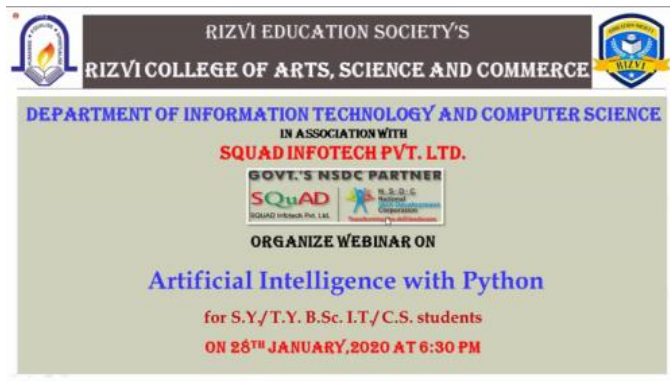

Time: 2:00 p.m.

The Department of CS and IT held a webinar on Machine Learning to lead our students onwards on a steep learning curve of Artificial Intelligence. Ms. Jyoti Shukla of Squad Infotech delivered an informative session on the 16th March, 2021. Received a good response from avid listeners of the in-house student community of Rizvi College of Arts, Science and Commerce.

2. **A Webinar on Artificial Intelligence with Python** was organized on 28th January, 2021 in association with Squad Infotech Pvt. Ltd. for the Second year and Third year students of B.Sc.I.T. and B.Sc. C.S. classes.

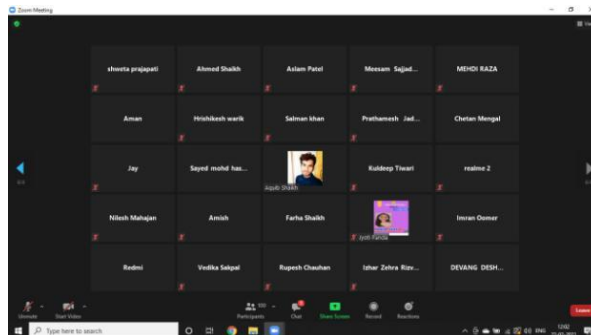

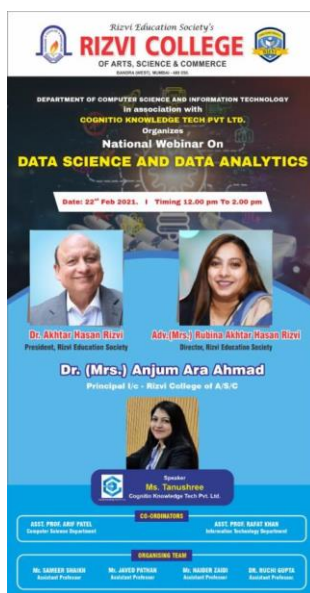

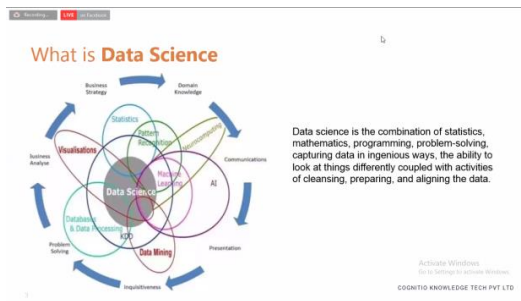

3. Webinar on DATA SCIENCE AND DATA ANALYSIS in Association With COGNITO KNOWLEDGE TECH PVT LTD

The Departments of Computer Science and Information Technology of Rizvi College of Arts, Science and Commerce organized a webinar on this subject on 22nd February 2021 at 12 noon. The speaker Ms. Tanushree Naik from Cognito Knowledge Tech Pvt Ltd. was well-versed in the principles of data science. This National level Zoom webinar covered all aspects of data amalgamation, cleansing, analysis upto powered visualization. Students from across colleges of Mumbai sat in rapt attention observing their future on the powerpoint slides. A great leap into the future indeed.

Date: 22 FEBRUARY 2021 Time: 12:00 noon to 2:00 p.m.

- Conducted two days training programme for teachers of Junior and Degree College on Online teaching and class management using Google meet and Google classroom on 28th July and 30th July, 2020. From Degree and Junior College as well as BEd College, 56 Teachers attended this training

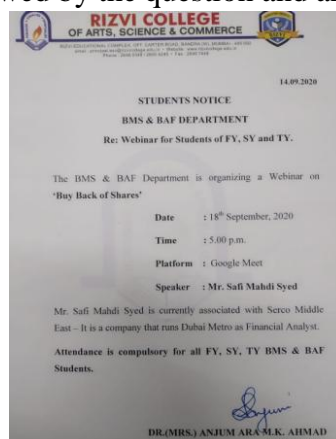

Department: Accountancy

Dept of Accountancy of Rizvi College of A/S/C organised a National Webinar on 'Effective Communication and Presentation' on 19th May, 2020. The resource person for the same was Ms. Yakuta Rassai-Behavioral Skills Trainer.

Department: BAF and BMS

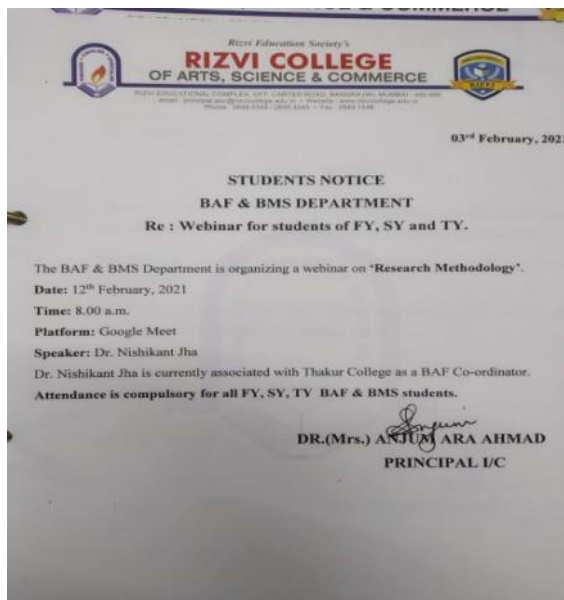

- Webinar on Buy Back of Shares

The BMS department organised a Guest lecture on Buy Back of Shares on 18th September 2020, by Mr. Safi Mahdi Syed, who is currently associated with Serco Middle East- A Company which runs Dubai Metro as a Financial Analyst. The guest speaker elaborated on the meaning of Buy back of shares and how when a company buys back shares, it results in reduction of the number of shares outstanding. In result, this improves the earnings per share (EPS) and return on equity. Another reason is that buybacks are a more tax-effective form for rewarding shareholders rather than dividends. The session lasted for around an Hour followed by the question and answer session.

2. Webinar on Research Methodology

The department of BMS organised an online webinar on 'Research Methodology' by Mr. Nishikant Jha, who is associated with Thakur College of Arts, Science and Commerce as BAF Co-ordinator, using Google platform, on 12th February, 2021. The duration of the event was 1 hour, the event commenced at 8.00am in the morning and ended by 9.15am; the speaker addressed on how the students should go about research work, which would eventually help them in the last year project work of making black book. It was as a detailed webinar on explanation of how to go about research work, followed by the question and answer session.

3. Webinar on Guidance for UPSC exams

On 20th of March, 2021 the BMS department organised an online career guidance session for UPSC exam for the entire BMS department, the session was organised by Professor Mohammed Gaus Ansari, who is current the BMS co-ordinator. The speaker addressed the student about the books to be referred for giving the exams, how much time should be allocated on each topic, how much would be the expense if the exams are given from some other state. The duration of the event was around 1.30 hours, which was concluded with the doubt solving session.

Department: BMS

1. Webinar on Scope of Marketing

On 27th of October, department of BMS arranged an online guest lecture by Mr. Aniq Syed, who is currently associated with Starcom as Deputy General manager and is currently based out of Vietnam. The topic of the event was Scope of Marketing, which was kept for FY, SY and TY students. Here the speaker spoke on all the possibilities the students can explore after choosing marketing as a career. The webinar lasted for an hour, which was concluded by the question and answer session.

International Conference ‘Emerging Opportunities and Challenges in Indian Economy: An Interdisciplinary Approach’

Under the patronage of Rizvi Education Society, Hon. President Dr. Akhtar Hasan Rizvi and Hon. Director Advocate Mrs. Rubina Akhtar Hasan Rizvi, One Day Online International Conference on ‘Emerging Opportunities and Challenges in Indian Economy: An Interdisciplinary Approach’ concluded on 18th October 2020. The webinar was a success due to enthusiastic and active participation of all the participants. All the queries were addressed by the resource person satisfactorily.

DEPARTMENT OF ENGLISH

The Department of English of Rizvi College of Arts, Science and Commerce organised a **National webinar on science fiction** on May 18, 2020, in collaboration with the Board of Studies in English, University of Mumbai. It was attended by 100 participants. Bhaswati Prasar gave a general introduction about the importance of the webinar and also gave the information regarding the people involved in organising the event.

Paul Raj, the in charge Principal of the college, welcomed the gathering; he explained how the institution was built with the able leadership of the founder, Dr. Akhtar Hasan Rizvi, with a vision to make education available to all the sectors of the society. Dr. Sudhir Nikam, the Chairperson of the Board of Studies in English at the University of Mumbai, said the focus of the conference was to expose the student fraternity to the genre of science fiction. He explained how science is inculcated in fiction. Highlighting the growth in the SF market globally with statistics about sales, he said that one book out of 10 sold in UK, and four out of 10 books sold in the US, are science fiction. He said that literature and science have provided knowledge and power to its users.

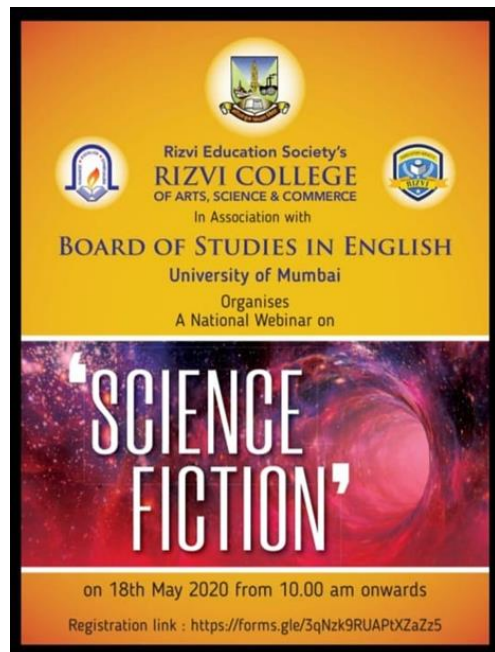

He said themes of ecology, environment, and contact with aliens, alternative history, and space and time have gained momentum in recent years. Suvarna Shinde gives a keynote address and quoted past president of India and a rocket scientist APJ Abdul Kalam: "Science is a beautiful gift of humanity, and we should not distort it." Her scholarly lecture also quoted the views and works of Isaac Asimov, Robert Heinlein, and Theodore Sturgeon. She traced the history of SF from Mary Shelley's *Frankenstein* (1818) through Edgar Allan Poe, Jules Verne, George Orwell, and Philip K. Dick. She discussed the difference between SF movies and fantasy works. Seat dealt with SF movies, including Artificial Intelligence, Avatar, and PK, and placed Carbon in the top rung of SF movies.

She concluded by quoting Wordsworth's "Lines Written in Early Spring": "And much it grieved my heart to think, what man has made of man." Professor Pinaki Rao delivered a special lecture on "Science Fiction as a Literature," observing that the lockdown period has treated religion and religious beliefs as secondary, and has upheld the efforts of scientist and doctors, who are striving hard to find a way out of the crisis. Beginning his speech with the term "Scientification" he dealt with history, myth development, and the latest trends in SF. He cited instances from the works of Sidney Sheldon, described the various forms of future life, discussed characters including R. Daneel Olivaw from Isaac Asimov's *Caves of Steel* and Mr. Spock from *Star Trek*, and later he connected them to mythical references from the Mahabharata and the Ramayana. He also mentions *The Lost World* and *Jurassic Park* by Michael Crichton. The conclusion that SF need not necessarily project into the future, but can also review the past and refer to the present day. Professor Vaishali, head of the department of English at Bangalore University, Bangalore

Karnataka, delivered a special lecture on "Feminist Science Fiction." She introduced the basic concepts of feminism and the latest trends, then discussed gender identity, human rights movements, and marginalisation issues.

Introducing the Indian feminist writings of Shashi Deshpande, she swiftly shifted to focus on the Bangladeshi Muslim SF writer Rokeya Sakhawat Hossain, and her story published in Sultana's Dreams (1905). It depicts a feminist utopia (called Ladyland) in which women run everything and men are secluded, in a mirror-image of the traditional practice of purdah. The women are aided by "electrical" technology which enables labour-free farming and flying cars; the women scientists have discovered how to harness solar power and control the weather. This results in "a sort of gender-based Planet of the Apes where the roles are reversed and the men are locked away in a technologically advanced future," There, traditional stereotypes such as men having larger brains or women being naturally weak and countered with logical representations like, "an elephant also has a bigger and heavier brain" and " a lion is stronger than a man," but neither dominates men. In Ladyland, crime is eliminated, since men were responsible for all of it.

The workday is only 2 hours long, since men used to waste six hours each day in smoking. The religion is one of love and truth. Purity is held above all, and the list of "Sacred Relations" is widely extended. The speaker then discussed the latest trends in feminist SF works by Indian women science fiction writers including Vandana Singh, Meghashri Dalavi, Rekha Baijal, Kalpana Kulshreshta, Sukanya Dutt, Shwetha Taneja, Pragnya Gowtham, Suhashini, and others. Nandita Roy concluded by thanking the collaborators, speakers, and participants for having made the event a grand success.

✚ National Level Webinar on “National Education Policy - 2020”

The IQAC, Self Finance Departments (BBI, BAF, BMS, BAMMC) organized a National level webinar on ‘National Education Policy-2020, Its impact On The Current System And The Road Ahead’ on 25th of August, 2020. The resource persons for the same were Dr. Ashwani Kumar Bhalla, Gold Medalist in M.Com and currently a Professor in the Post Graduate Department of Commerce, Innovations and Research, SCD Government College, Ludhiana and Dr. A.D Sawant who is currently the Director-Waste to Energy Research & Technology Council, an India Chapter, Columbia University. The speakers not only shed light on salient features of the NEP Policy but also critically evaluated the same. Participation for the same was seen from across India. More than 406 participants attended this Programme on Zoom platform.
