1. Introduction - Overview of the Institution

Rizvi College of Arts, Science and Commerce has completed 37 years of Academic Excellence spreading quality education and making a remarkable contribution in the field of Education as one of the most sought-after colleges in Mumbai city. The college has kept pace with the changing world and has been the pioneering spirit behind many innovations in the field of education thus acquiring a well-deserved reputation in academics, sports and co-curricular activities.

ABOUT THE COLLEGE

The Rizvi Education Society was established by Dr. AKHTAR HASAN RIZVI in the year 1982, who set his heart on the realization of a dream "the establishment of a mini university", catering to a variety of educational interests and aspirations.

Rizvi College of Arts, Science & Commerce was started in the academic year 1985-86. This was just the beginning of a line of successful ventures that were to follow. The amazing speed with which one professional institute followed another was awe-inspiring. Today, the Rizvi Educational Empire has expanded to unimaginable dimensions. As of now, we have twenty-two institutes in all, not only in Mumbai but in Jaunpur, Allahabad (Kaushambi, Karari) as well.

Senior College is affiliated to the University of Mumbai for teaching courses leading to B.A., B.Sc., B.Com. B.M.M., B.M.S, B.B.I., B.A.F., B.Sc. (Computer Science), B.Sc. (I.T.), and M.Com. Degrees.

Junior College is recognised by the Education Department, Govt. of Maharashtra and H.S.C. Board to conduct classes of F.Y.J.C. and S.Y.J.C along with vocational courses in Electronics, Computer Science and Information Technology.

College has a Research Centers affiliated to University of Mumbai with M.Sc. in Chemistry (By Research), Ph.D. in Zoology, Chemistry, Botany and Commerce.

Because of the college's comprehensive offerings, its excellent programs, its uniquely talented faculty, and its support services, Rizvi College enjoys one of the highest numbers of students in Bandra (West), Mumbai area.

Rizvi College provides extensive collegiate and co-curricular experiences for students, including such opportunities as student men's intercollegiate cricket team; performance groups; a Degree Program; and a host of activities in which students learn leadership skills, expand their academic horizons and celebrate cultural diversity.

As you move through the college website pages, you will also find information about the academic,

administrative & extra curricular activities of the college for e.g. Examination, Unfair Means Inquiry, Attendance, Cultural, Career & Counseling Cell, Library, Women Development Cell, Grievance Redressal Cell, Discipline, etc. Other services as Gymkhana, NSS, NCC, financial aid, health services just to name a few.

The college achieved permanent affiliation from the Mumbai University. The constant dynamics of globalization, technological revolution, knowledge explosion and fast-growing needs of industry, the purpose and scope of higher education has been redefined to include components of employability, research, innovation and social relevance, whereby 'academic flexibility' has come to be an integral part of the quality education.

It was something exciting and rewarding, long-awaited by all the stakeholders of the institution after tasting the success of accreditation by National Assessment Accreditation Council (NAAC) in 2004 with B Grade. The Quality enhancement & Sustenance of Rizvi College of Arts, Science and Commerce are envisaged through its Re-accreditation by NAAC in September 2011 with CGPA 2.84.

The college has engaged itself in the process of curriculum enrichment and enhancement through a wide range of academic programmes including certificate courses and research papers to make education more relevant and job-oriented. The college has completed three decades with a focus to march with academic excellence on one hand and to drive towards techno-savvy societal transformation on the other hand.

EDUCATION PROCESS AT RIZVI COLLEGE

At Rizvi College of Arts, Science and Commerce our commitment to Quality Education and Training propelled the growth of our students. We shape our students by honing their skills, instilling a sense of responsibility in nation building by cherishing humane values. In our efforts towards the above mentioned goal, we have introduced different courses to bridge the gap between the institution and the industry. We assess the students' strengths and weaknesses in academics and aptitude and address their needs through various Bridge Courses, Certificate Courses, Courses on Personality Development and Life Skills. Use of Information & Communication Technology (ICT) and other visual aids support, enhance, and optimise the delivery of information in education by integrating technology to the curriculum has a significant and positive impact on students' achievements. Our students are exposed to technology through education to have better 'knowledge', presentation skills, innovative capabilities, so that they are ready to take more efforts into learning as compared to their counterparts. Bridge Courses, Remedial & Tutorial Classes, Assignments, Seminars, Guest Lectures, Workshops, Pre-Placement activities are an integral part of teaching learning process to enhance the student learning abilities.

- **STUDENT ORIENTATION & INDUCTION PROGRAM**

Orientation Programme strives to create a safe and caring environment committed to enhancing students overall growth through a variety of opportunities and experiences. It aims to provide information and resources that will allow students to make informed and appropriate academic plans and healthy social choices.

- **ORIENTATION/INDUCTION PROGRAMME FOR FIRST YEAR STUDENTS**

Orientation/Induction Programme facilitates transition and integration of students into the college learning environment and gives them a sense of belonging. It aims to create an atmosphere that minimizes anxiety, promotes positive attitude and stimulates an excitement for learning.

A Library Orientation for Students was conducted from 6th to 10th December, 2021. 294 students attended this orientation that was conducted in a phased manner. First year students were introduced to

the library and its facilities. They were taught to access books through Web Opac and to access E-resources through library website www.librarydrdl.com

Offline session was conducted for students where they were informed about the library facilities. They were encouraged to and shown how to make use of our library e-resources through our library website. Various features of our website www.librarydrdl.com were explained to them.

TUTORIALS AND REMEDIAL CLASSES

Rizvi college assesses the learning level of students through semester end exams as per the guidelines given by the University of Mumbai. In case of certain departments, particularly science departments, students are assessed with their laboratory skill also & continued by viva voce examination at the end of semester. As per the guidelines by University of Mumbai from time to time, internal assessment/assignment/ presentations are the part of curriculum.

Since the students have different learning abilities, the institute initiated remedial coaching for slow learners, and every department sets the time table for remedial coaching for weak students. For Advanced learners, institute motivate the students by orientation program to appear for competitive exams and to join online courses like **NPTEL, SWAYAM** etc. Periodical classes are conducted for both advanced and slow learners. This practice is part of a blended learning system.

TEACHING – LEARNING TECHNIQUES USED

Student's centric methods such as experiential learning, participative learning, and problem solving methodologies are used for enhancing learning experiences. All science programs integrate practical courses as a part of curriculum, which provides adequate experimental learning skill, along with practical hands-on skill practice for students. Participative learning involves project presentation, industrial visit, botanical Excursion, visit to research and medical instruments laboratories.

Programs like NSS, NCC inculcate among the students for practice for participative learning.

Few departments have projects as a curriculum that provides opportunity to the students for incorporating and practicing problem solving methodologies. Participative learning also involves the workshop (Online/Offline) and debate competition poster making competition which provides students to actively participate with peers and experience the learning.

A well-defined process of course allotment and load distribution is adopted at departmental level. Course allocation is made based on choice and specialization of the faculty members before commencement of the semester. Once courses are allotted, faculty members prepare as per the teaching plan and curriculum prescribed by University. Some of the pedagogical method used is i) chalk and board ii) industrial visits and iii) laboratory learning. These are further supported by the following techniques:

- ICT backed Teaching using Computers, LCD Projectors, Internet Facility
- 02 Computer Labs with updated Software in the area of specialization and Browsing centers
- Library Resources
- Learning Management System: Digital Edu
- Screening Documentaries & Feature Films

• **TEACHING METHODOLOGY & TEACHING TOOLS**

The institute follows ICT enabled teaching in addition to traditional class room education/ teaching learning. Sub-sequent efforts are taken by institution to provide e-learning. In addition to chalk and board method of teaching the faculty members use the IT enabled learning tools such as PPT, Video clipping to expose students for advanced knowledge and practical learning. Classrooms are fully equipped with LCD projector and computer with Wi-Fi facilities. Well security is provided to Wi-Fi users. Most of the faculty use interactive methods for teaching. The major emphasis is on classroom interaction in terms of seminar, assignment, laboratory work etc.

STUDENT MEGA EVENT DIGIFEST 2 (2021-22)

In an attempt to infuse our pupils with some joy and laughter, to give them some time to play and enjoy themselves as children should, to be worry-free for a while away from the stresses of the Pandemic, to engage in their interests, and to celebrate their talents, last year our College's Cultural Committee decided to plan a festival for the students. Thus was born DIGIFEST – a cultural festival that was staged on a digital platform for the first time in the institution's history. The pilot version had participation from Degree College only. This year we were joined by the Junior college as well. The scale of the event increased wherein number of competitions went up from 15 to 28 and student participation went up from 200 to 700. DIGIFEST 2 was held on 5th and 6th of February 2022.

Our annual inter collegiate mega fest Jashn-E-Rizvi couldn't be organized due to Covid restrictions and mandate. So, instead, a plethora of events were organized at the intra collegiate Digifest 2. 28 competitive activities covering a range of both traditional and contemporary skill sets made up the festival. While the traditional favorites like Solo Singing, Solo Dance, Personality Contest, Mehendi Designing and Mobile Photography were the first to be added, new competitions like Face Painting, Tongue Twisters, Insta Reels, Bottle Gardening and Instant Hijab turned out to be crowd pullers. A total of 705 students took part in various events. The festival was spread out across two days with an online opening ceremony on the 5th of February where our Principal Incharge Dr. AnjumAra Ahmed inaugurated the function and Mrs. Swati Vora and Mrs. Shahista Shaikh, Convenors of Cultural Committee – Degree and Junior College Respectively, welcomed everyone to the festival. The invitation to participate had been sent out considerably earlier, so students entered their individual contests on time, either to compete or to watch. On Feb 8th, the valedictory ceremony took place, during which the winners of each competition were announced.

Without the assistance of the Management, who has always had the best interests of the students in mind, this Fest would not have been feasible. This event was conceived thanks to the inspirational vision of our principal incharge, Dr. AnjumAra Ahmed, and the Convenor of the Cultural Committee, Mrs. Swati Vora. The Cultural Committee members all put forth a lot of effort and collaborated well to

make the event a success. A particular mention and word of gratitude to Mr. Haider Zaidi, technical in charge, and his team for guaranteeing a glitch-free event.

The following is a consolidated report for the fest.

NATIONAL SERVICE SCHEME

National Service Scheme

Motto: The Motto of NSS "Not Me But You", reflects the essence of democratic living and upholds the need for self-less service. NSS helps the students development & appreciation to other person's point of view and also show consideration towards other living beings The National Service Scheme is an Indian government-sponsored public service program conducted by the Ministry of Youth Affairs and Sports of the Government of India. Popularly known as NSS, the scheme was launched in Gandhiji's Centenary year in 1969. National Service Scheme (NSS) is beneficial to both students as well as the society in various different means. NSS helps the student to grow individually and also as a group. It makes the students confident, develop leadership skills, and gain knowledge about different people from different walks of life. NSS volunteers generally work in villages, slums and voluntary agencies to complete 120 hours of regular activities during an academic year. As per the fundamental principles of National Service Scheme, a volunteer is expected to remain in constant touch with the community . The NSS volunteer is entitled to 10 grace marks in final semester of each academic year.

The College NSS unit is always proactive in its mission and endeavours. Degree college enrolls 200 students and Junior college enrolls 150 students.

The NSS unit is coordinated by Ms Shehnaz Khan ,along with Dr Minakshi Samant,Dr Alkama Faqih and Dr Ansarpasha shaikh .Inspite of pandemic and lockdown ,many activities were conducted throughout the year towards health awareness,environmental awareness and organizing competition at college level.All volunteers participated enthusiastically in all the activities .

DEPARTMENT OF B.A.M.M.C

If media is defined by pomp and show, then hard work cannot be discounted.

"Creativity is intelligence having fun," as Albert Einstein said, and it is with that core benefit that the students of B.A.M.M.C. put their heart and soul. A year spent recovering from the deadly pandemic did not dampen the students' spirits. The academic year 2021-2022 was defined by actively participating in online lectures and launching newsletters in the college. The year began in the same manner as the professors' online classes, but the activeness of students during the online classes astounded the professors. From active participation to successful guest lectures, the students left no

stone unturned in showcasing their abilities. All negative things, as we all know, come to an end. The beginning of offline classes on college grounds was the silver lining in the dark clouds. Every person had been drawn to the facade of versatile students. This did not end there. The department's successful media crew covered multiple events and honed their skills beyond what they could have imagined. The year began with a celebration of the 74th Independence Day in the college's quadrangle, which proved to be a huge confidence booster for the students and faculty. It also enabled them to step outside of their comfort zone and try new things. As the year progressed and their skills became more refined, Republic Day served as a morale booster, allowing them to work more and more professionally under pressure. These occurrences were a test of their time and kinship. The successful launch of the online college fest DIGIFEST-II recognised their dedication to the college. The launch of digifest and the hard work of the students behind the stage took place on the 5th and 6th of February 2022. From covering it in all forms to ensuring that it sails in a smooth sea. The students worked on every detail, from designing the brochure to running a social media campaign on various platforms. It aided them in communicating with the wider populace and motivating students to participate. The brochure, posters, and pamphlets for the event were designed by the design team. This cannot be more true than the launch of the newsletter "Media Tales" by students in their first, second, and third years of the department of B.A.M.M.C. It consisted of articles and poems on various topics and social issues. The newsletter was welcomed with great fanfare and display by the department's students, who celebrated with various cultural performances. This marked the department's new beginnings and height, which no one thought was possible. It also paved the way for new beginnings and heights that the students will achieve in the coming years, as well as marking their niche in the industry.

The session received an overwhelming from students with over seventy plus participant who actively interacted with each other to put forth Kamla's viewpoint. This is an exceptional and unique quality to Kamla. Her legacy is in the songs she wrote, the slogans she raised, the connections she made, the hearts she touched, the issues and campaigns she fought. The invisible flames as she says that burnt in her will forever glow and grow. Boundaries were meaningless to her, a person who shined and left her imprint where ever she stopped. Sadly the flaring lost her life battling cancer on 25th September.

An **Interclass PPT competition** for SYBA was held in the month of September 2021 in which 6 groups from the class did presentation on Cultural Landscape of Maharashtra. Two best groups presented on Katkari Tribes and Nasik Region. The students were awarded with Medals and

Institutional effort in providing inclusive environment towards culture, regional, linguistic, communal, socio-economic and other diversity

“Our ability to reach unity in diversity will be the beauty and the test of our civilization.”

– Mahatma Gandhi.

The idea of unity in diversity encourages people to tolerate others. People begin to value and respect others' ideas as well as the individuality of all living things. It fosters interpersonal relationships and trust. Such cooperation facilitates effective decision-making and promotes the development of the country. Solutions to riots, other disruptions, and numerous social problems can be easily reached by fostering mutual respect. It contributes to a decrease in prejudice and an increase in national happiness overall. India is a living example of how people can coexist in harmony and peace despite having a variety of religions, cultures, and languages. Our nation's distinctive quality of unity in variety brings everyone together to uphold peace and brotherhood. The motto of our college is to Humanise our students and give back to the nation well adjusted, balanced citizens. Towards this goal, as an institution, we make a conscious effort towards inclusivity. Our students also celebrate the different festivals with joy and enthusiasm; which helps them to implant the social and religious harmony.

Related activities are as follows:

1. A National level Photography competition ' 'World through your lens' was held in September, 2021 by Sociology Department which displayed pictures captured during lockdown to show how biodiversity co- exists with human and without human interference. There were 57 entries.
2. Department of Foundation Course conducted an online lecture on , 'How to manage conflicts with Transactional Analysis ' on 13th January,2022. 70 Students participated in the session.
3. In celebration of Constitution Day, a Webinar on was organised on 26th November 2021. It was an Online Event.
4. Minority Day was celebrated in the college. The NSS unit of Rizvi College of Arts Science and Commerce organized a talk on Minorities Rights, on Saturday, 18th December, 2021 at 5.00 pm. Adv. Dr. Nadeem Shaikh, Medical practioner and legal Adviser was the resource person for this talk attended by staff members and students.

5. International Day of Non-violence was observed by our students in celebration of our Mahatma and his teachings. The NSS Unit organised a documentary show titled 'MAHATMA GANDHI-PILGRIM OF PEACE' to Commemorate 'International Day of Non-violence' on 152nd Birth Anniversary of Mahatma Gandhi on 2nd October 2021.

National, International and Commemorative Days, Events and Festivals organised

“Everyday we have a special reason to make a good celebration.”

National and International days or events are occasions to educate the general public and young generations on issues of concern, to mobilize political will & resources to address National & global issues and to celebrate and reinforce achievements of humanity. Celebrating National and International days, events and festivals is important in any educational institution. Students recall an experience when the importance of an event is communicated to them. Through participation in festivals, days and events, students establish a strong sense of cultural identification. As a result, college must provide programs that bring children from diverse cultural & religious backgrounds together to learn more about one another. Independence Day, Republic day, National & Multicultural festivals, International Women’s Day, World Environment day, Constitution and Citizenship days, Orientation weeks, Reunion weeks and many more are all often honored at colleges. On a personal front celebrating and participation in these kinds of activities teaches students vital life skills. Extra curricular activities help students develop other skills including critical thinking, interpersonal communication and capacity to work in groups. Students gain confidence, it helps enhance leadership qualities and develops empathy for their classmates. It helps to develop a strong feeling of self-worth and a higher level of originality which helps them do better academically as well and also enhances time management skills as students and teachers learn to balance academic and co- curricular interests and develops a sense of responsibility.

The following activities are conducted in this regard:

1. International Women’s Day was celebrated by the Hindi Department on 15th March, 2021 by organising a poetry writing competition.

College Distinctiveness

The pandemic has resulted in severe social and economic disruption. Around the entire world. It has drastically affected day to day life, jobs, businesses, global economy.

Even as the country battled the pandemic with a partial lockdown till January 2021, educators did not forsake their primary responsibilities to the students. Overnight they changed track and adopted steps to keep the ball rolling and continued in their education with the same exacting standards through online/virtual/offline(partial) classes, assignment, projects, presentations etc.

As the world gradually reopened we followed all guidelines given by the government fully and also by UGC as we opened our doors.

There were many trial and tribulation faced due to the pandemic, which our management took up as a challenge and reached out to help all our stakeholders as well as the general public. Some of them as listed below.

The tremendous help was provided through the Rizvi Group's Help Yourself Foundation. The Founders of the Help Yourself Foundation; Dr. Akhtar Hasan Rizvi [President, Rizvi Education Society] and Adv. (Mrs.) Rubina Akhtar Hasan Rizvi [Director, Rizvi Education Society]

1. The Free Mass Vaccination Drive for Teachers, Students and all Staff of Rizvi Education Trust and college; Along with their dependents (02). The drive was held
2. The drive was also organized for special disabilities and also for POLICE 500 family members of Mumbai POLICE had registered and were benefited by the free vaccination drive.
3. Ratnagiri, Chiplun areas of Coastal Maharashtra were inundated under 10-20 feet water during June-July 2021; causing widespread loss of life and livelihood.

The management also provided

- a) 2 lakhs Doxycycline tablets.
- b) 500 ration kits [including Aata, Rice, Sugar, Tea-Powder, Oil etc]
- c) 500 daily need kits [Chatai, Blanket, Sanitizer bottles, Dettol soaps, Sanitary pads etc]

to Mahad and Chiplun towards Konkan Flood Relief on

FEEDBACK SYSTEM

In order to assess the performance of the institution from a variety of stakeholders and to ensure quality sustenance and enhancement, regular structured feedback is taken from various sources. Our major stakeholders, our students and their parents provide a feedback on the curriculum, academic programmes, teaching, learning, facilities provided and student support. In our bid to smoothly transition the Academia-Industry interface, we seek feedback from the industry which is administered during recruitment and industry - institute collaborative events. In our constant endeavour to improve we also seek regular feedback from our alumni, teaching staff, etc.

BEST PRACTICES

Best Practice I

Best Practice I:

1. Title of the practice

Financial Patronage - "Help others to achieve their dreams and you will achieve yours."

2. Goal

To provide a financial help to teaching, non-teaching staff & Students of the college.

3. The Context

Financing the college fees is not easy in a country like India where the cost of education is scaling higher day by day. Dr. Rizvi had set up Rizvi Education Society to fulfill his desire to help the less fortunate who are unable to pursue higher education. The stated vision of the college is 'Upliftment of Muslim minority students through Quality Education' to this effect, keeping in mind the rules for minority institutions, Out intake of students ranges from the affluent to the under privileged section of the society as well as quite a few first generations learner's too. We believe in empowering and transforming the lives of the students through education. Helping low income students to continue their education during COVID-19 pandemic. The stay at home orders during the pandemic exacerbated the financial challenges of the citizens. In such situation the college took the steps to provide affordable financial help.

4. The Procedure

A considerable size of our student's population belongs to the lower economic strata. Many a times students find it difficult to pay their fees and therefore managing fees effectively and digitally has become a necessity of educational institute.

i) The management provides them with the option of paying fees in multiple instalments in the best possible way or by paying a complete fee to an eligible child, belonging to SC/ST/BC/EBC. Differently Abled categories will be preferred.

ii) The management has also very generously set up “Two Scholarships” [ABIS Rizvi minority Educational Scholarship and Saquib Rizvi Sports Scholarship] in academic and sports respectively; to help the needy and deserving student. Abis Rizvi Minority Scholarship 2021-2022 was given to 12 deserving students. A total of Rs 1,83,970 was given.

iii) Saqib Rizvi “Sports Freeship 2021-2022” (half/full freeship) is also being given to 14 students of total amount Rs.1,94,756

iv) A freeship given to the students from various Outsider Trust , 26 students received freeship of Rs 1,51,689

Compare to last year's sports freeships-this year the amount has been increased considerably.

5. Evidence of Success

i) Some of the students completed their degree only after receiving the financial support.

6. Problems Encountered and Resources Required

i) Increase in the number of students/ non-teaching staff who actually needs money either for education or for medical crisis.

ii) The time gap between the application process & actual sanctioning of the fund should be reduced especially for medical help. Therefore, it is essential for immediate scrutiny of the deserving application, verification and sanction of the application.

iii) The biggest challenge is identification the deserving candidate. We also have identified that a small cross section of students had missed such help.

iv) As the numbers of needy students are increasing year after year, the amount of financial support needs to be increased.

v) Inability to take advantage of Financial Aid because of the lack of awareness of various types of scholarships that are available in India for financially weaker students like K.C. Mahindra Scholarship, AICTE-scholarship, Central Sector Scheme of scholarship, Cultural Talent Search Scholarship etc.

Special Assistance programme by UGC focuses on providing financial support to research base institute & colleges. Therefore more publicity and simple explanation of the application procedures are required and the college may take more aggressive steps towards this awareness creation so that more students can avail the financial help.

Best Practice II

1. Title of the practice

“International Journal of Research ISSN 2231-6124”

2. Goal

To encourage researchers, scholars, academicians , professionals, practitioners etc. To share their innovative research idea, research experience.

3. The Context

Rizvi Education Society was founded by Dr. Akhtar Hasan Rizvi in the year 1982; who set his heart on the realization of the dream “The establishment of a Mini University” catering to diverse educational interests and aspirations. Our college was established in the year 1985-86.

Our college has come out with the blind peer reviewed indexed research journal titled “International Journal of the Research ” with ISSN 2231-6124. The journal is biannual in nature and articles are published in English. Journal is dedicated to publishing high quality research papers, providing meaningful insight into any subject area of current interest. Original research papers, conceptual articles and case studies based on current data supported by primary/Secondary sources.

The first edition was published in the year Dec 2011

4. The Procedure

1. The publications invited may be on the topics having substantial interdisciplinary content both Indian as well as global.

2. Submission of a Paper/Manuscript should be original. That work has not been published, accepted or is under review elsewhere in any other journal or magazines
3. Information on the pattern of submission of Manuscript is available in the “Guidelines for Contributors”.
4. Publishers and Editors

5. Evidence of Success

1. Our Journal is listed in UGC (Journal No. 63072, Serial no. -106) in the Multidisciplinary section.

2. It is also listed in the International Database of Scientific Journal of Research.
3. Journal's impact factor is improved year by year 3.508(2015), 4.011 (2016), 5.002(2017), 6.67(2018), 7.006(2019), 7.551(2022), 8.694(2022)
4. Despite being a paid Journal number of researchers/authors/academicians subscribing to the journal has steadily increased vouching for the quality in research.

6. Problems Encountered and Resources Required

1. The journal is published on a No Loss No Profit basis.
2. We are trying to enlist our journal in UGC CARE list.
