7.3 - Institutional Distinctiveness

The pandemic has resulted in severe social, economic disruption around the entire world, it has drastically affected life/jobs/businesses and the global economy.

Even as the country battled the pandemic with a partial lockdown till January 2021, educators did not forsake their primary responsibility to the students. Overnight they changed track and adopted steps to keep the ball rolling, continuing in their education with the same exacting standards through online/virtual/offline(partial) classes, practicals, assignment, projects, presentations etc.

There were many trials and tribulations faced due to the pandemic, which our management took up as a challenge and reached out to help out stakeholders, the general public too.

As the world gradually reopened we followed all guidelines given by the Government/UGC fully as we opened our doors.

The tremendous help was provided through the Rizvi Group's Help Yourself Foundation.

The Free Mega Vaccination Drive was held (19 and 20, 26 and 27 June 2021) for Covid-19 vaccine (CoviShield) Teachers/Students(Specially abled)/Staff of Rizvi Education Trust and college; along with their dependents(02).
