

# Awards and Scholarship committee

## Introduction

The Scholarship and Awards Committee conducts interviews of the candidates who apply for college scholarship for needy students. During selection of the students the criteria for selection that are mentioned in the prospectus are strictly adhered to.

Students who have received scholarship in the previous year but secured less than second class in the Annual examination are not considered for a scholarship the next year.

The wards of college employees (Class III & IV) are not given this benefit as they can avail of other concessions provided by the college.

The notice regarding filling of forms and dates of interview is circulated several times to ensure that all students are made aware of the same.

Students who submit incomplete forms are not considered. The selection procedure is based purely on marks, status, place of residence, number of members studying in the family, annual income and participation in extra-curricular activities.
